OUR WORKPLACE WELLNESS COMMITMENT

We're better together. As the first workplace provider in the nation with UL Verified Healthy Buildings, Irvine Company is here when you're ready.

Community-building is a cherished Irvine Company value, and COVID-19 is challenging the communities we're part of like never before. We know that our actions impact many, which is why we're following a thoughtful, evidence-based approach to workplace wellness, in consultation with UCI Health. Together, we believe that a key part of a healthy community is a healthy economy, and this starts with ensuring our customers feel confident returning to the workplace.

CLEAN SPACES

Our enhanced deep-cleaning protocols exceed CDC guidelines and include frequent cleanings of high-touch surfaces in paths of travel during the day.

HEALTHIER AIR FILTRATION

Breathe easy: Every workplace utilizes high-efficiency MERV-rated air filters based on the latest industry guidance.

OPTIMAL VENTILATION

Regular fresh air exchange and humidity level monitoring optimize workplace ventilation.

TOUCH-FREE SOLUTIONS

From contactless entry to touchless restroom fixtures, we're minimizing shared surface contact throughout the workplace.

TOGETHER SAFELY

We're implementing new protocols like redirecting foot traffic for 6-foot physical distancing in our community spaces.

COMPLETE WELLNESS

Our enhanced WorkLife programming supports your team's psychological and emotional well-being.
